

2022 ANTIMONY DAY

WEDNESDAY, SEPTEMBER 28

Registration & Social Event

As from 18:00

THURSDAY, SEPTEMBER 29

08:00 – 09:00

Registration

09:00 – 09:10

Opening

09:10 – 10:15

SESSION 1 - Sustainable Antimony
Is Antimony Sustainable?

The EU Green Deal and the needs for circularity and recycling within EU and the Antimony industry; The criticality and dependence on the non-EU supply of Sb, and Industry's opportunities and challenges with regards to sustainable use of Sb and its compounds.

10:15 – 10:45

Coffee Break and Networking

10:50 – 12:05

SESSION 2 - Sourcing
What is the state of play with upstream antimony production, both today and tomorrow?

Responsible sourcing practices, where are Sb sources in EU and worldwide and how secure and available are they, and smaller-scale mining and mining outside China

12:50 – 13:30

Lunch Break and Networking

13:35 – 14:35

SESSION 3 - Resources
How Recyclable is Antimony and what loops still need to be closed?

The principles of the circular economy and how to get where we want to be, recycling of metals and how this works towards the Europe's ambitious sustainability targets, with specific focus on the recycling of Sb from FR polymers, Lead, and PET fibres.

14:40 – 15:10

Coffee Break and Networking

15:15 – 16:15

SESSION 4 - Safe Solution
What Part does Antimony play in a safe and sustainable world?

How will the strategic arc of chemicals legislation in the EU impact Sb use (i.e., the evolution of FR regulation); Antimony's key use in the defence industry, does the marriage of fire safety and product sustainability; and what are Industry's challenges and opportunities in this Green new world.

16:15 – 16:30

Conclusions & next steps
